Fixing: Mechanical (screw) fix – as per manufacturer's instructions

Description

The Gradus WGA100 Wall Guard offers superior direct impact protection against wheeled traffic. Modular in design for easy installation and replacement in the event of damage, the WGA100 comprises a PVC-u cover, continuous aluminium retainer and colour-matched PVC-u end caps. End caps include reveals to provide a tight, neat joint and contain an anti-microbial additive to inhibit the growth of bacteria. All PVC-u covers and accessories are non-reflective, through-coloured and textured to conceal the effects of impact and abrasion. Light Reflectance Values (LRVs) are detailed above for all colours.
