

Accessories

Project: Monmouthshire Building Society (MBS) in Cardiff

“ Gerflor floorcoverings and the Gradus accessories helped to create a perfect alignment with the project brief and the overall design vision. The product’s excellent functionality and design compatibility significantly contributed to the project’s success. ”

Michelle Sheppard
Representative from MBS

The refurbishment resulted in a unique office space that is both functional and aesthetically pleasing, successfully reflecting the Monmouthshire Building Society’s brand identity. The combination of Gerflor floorings and Gradus accessories provided a high-quality, cohesive solution for various areas within the office, ensuring both safety and style. The project not only met but exceeded the client’s expectations, creating an inviting and professional environment for both employees and visitors.

Project Highlights

- Gradus Accessories: Included stair edgings, barrier matting, and floor trims to ensure a complete and cohesive look, providing both practical benefits and a polished finish.
- Gerflor Creation LVT: Selected for its sophisticated design and seamless compatibility with the overall interior theme, enhancing the visual appeal of the office space.
- Tarasafe Safety Floorings: Chosen for their exceptional functionality and aesthetic appeal, particularly in high-traffic areas like shower rooms, ensuring both safety and style.
