

Flooring

Project: Kings College Sixth Form School

“ This was an iconic project to be involved with. I understand the building is now in full use and the new Gerflor flooring and Gradus accessory products are performing very well. We work with Gerflor and Gradus on many projects and consider them to be some of the best manufacturers in the industry. ”

Matt Donovan
Contracts Manager, Gollop Flooring

Kings College Sixth Form School, a private institution in Somerset, undertook a significant flooring upgrade and refurbishment. The project was guided by the expert recommendations of Rud Sawers Architects Ltd and prominently featured products from Gerflor & Gradus, leaders in flooring and interior solutions.

Chris Pursey, Gerflor Specification Sales Manager, highlighted the collaborative approach: “Rud Sawers Architects initially specified Creation 55 LVT for the reception and stairways but consulted with Gerflor for other areas. This comprehensive consultation included carpet tiles, safety flooring, and flooring accessories, streamlining the process and offering a wide range of products from our portfolio.”

Rud Sawers Architects (RSA) emphasised the suitability of the products: “The Gerflor and Gradus products were fit for purpose and available in finishes that matched the visual identity we aimed to create. We specified these products for the ground, first, and second floors.”

Project: Kings College Sixth Form School

Installation and Execution Matt Donovan, Contracts Manager at Gollop Flooring, described the project scope: "Covering approximately 800m², the project included Gerflor Honey Oak LVT, Gradus Graphite & Peridot carpet tiles, and Gerflor Brescia Tarasafe Impression safety vinyl. The building's varied base structures required different preparation works, but the advanced solutions specified made the installation straightforward."

Client Satisfaction Rob Walker, Gerflor Specification Sales Manager, concluded: "The client is extremely pleased with the finished result. This project was notable for its scope and the range of elite flooring and interior solutions provided. The education establishment is now future proofed for many years to come."
