BSXCF1 BasicZ Cove Former

Data Sheet: Page 1 of 1 AH 15.04.24

Product Specification

Manufacturer: Gradus Accessories, Park Green, Macclesfield, Cheshire, SK11 7LZ.

Tel: 01625 428922 **Website:** www.gradus.com **Email:** sales@gradus.com

Reference: BSXCF1

Material: Flexible pvc

Width: 38mm

Height: 38mm

Length: Supplied in 2.00m lengths (30 per box)

Colour: Black

Fixing: Adhesive fix – as per manufacturers instructions

Description

BasicZ Cove Formers

Cove formers are used to create a cove where floorcoverings are continued up the wall and typically used in conjunction with a capping seal or carpet cat to finish the raw edge of the floorcovering. Cove formers can also be combined with tile caps to help form a cove where the floorcovering meets ceramic wall tiles.
